

# Vistaara2018

March 1.2.3

Meeting minds for Education and Sustainability

Sustainability is an emerging field in India with thought leaders, design excellence and increased academic programs. Majority of these have happened based on institutional and individual inclinations and passions. There is an imperative need today to have a platform to create a convergence of minds to evolve an integrated pedagogy, practice and philosophy.

The event Vistaara 2018 aims to locate and create such a convergence.

Event Highlights:

**Seminars and Discussions**

**Hands-on Workshops and Competitions**

**Built Project Display**

**Academic Exhibition**

**Tour**

**Culturals and Entertainment**

Speakers :

CHITRA VISWANATH ● DEAN D'CRUZ ● MALINI KRISHNANKUTTY
