

OUR VISION

Our team aims at spreading information and latest progresses in the field of AI and ML. Also a group of interested students will be trained in this area to make them competent enough to excel in the ever growing field of AI.

ABOUT THE INSTITUTION

M.E.S College of Engineering, the first Engineering College established under the self financing sector in Kerala is situated on the beautiful and serene banks of Nila or Bharathapuzha. It was established as an institution with minority status in 1994. Widely acknowledged as one of the premier institutions imparting technical education in the state, the college offers admission to all categories of students with special consideration to educationally backward communities. At present there are eight undergraduate programmes including B Arch and ten post graduate courses in M Tech, MCA, MBA and M Arch in the college. Nearly 3000 students study here under the guidance of over 240 qualified faculty members and research guides.

OUR ASSOCIATIONS

SENTIENT

AN ARTIFICIAL INTELLIGENCE COMMUNITY

MES COLLEGE OF ENGINEERING, KUTTIPPURAM

WHAT IS AI?

Artificial Intelligence (AI) is aimed at providing human like interaction by a computer program. It's an area of Computer Science that aims at building intelligent machines that reacts and works like a human. It's the science of making computer do things that require intelligence when done by a human. If Natural Intelligence is the intelligence displayed by humans and other animals, then Artificial Intelligence is the intelligence displayed by machines.

At this age, Artificial Intelligence is a living, changing entity that powers change throughout every industry across the globe. As it evolves, so do we all. From the visionaries, healers, and navigators to the creators, protectors, and teachers. It's what drives us today. And what comes next.

WHY SENTIENT?

Sentient is a team developed for the enhancement and enrichment of the participating members in the fields of AI and ML having a very experienced & skilled mentoring and monitoring panel who could mould the worst of the programmers to the best of AI analysts and AI scientists. We empower you to reach the heights of AI and ML by enabling your inner instincts and talents to grow without limits.

Ever been fascinated by AI or ML sentients are here to built you up.
